

# Travis Aerenson

Taerenson.github.io \* 302-690-7030 \* Taerenson@uwyo.edu

## Education

---

### University of Washington, Seattle, WA

Dec 2023

PhD, Atmospheric Sciences

*Dissertation Title: Cloud Changes in Climate Models: Response to Solar and CO2 Forcing and the Relationship between Model Bias and Feedbacks*

### University of Washington, Seattle, WA

May 2021

Master of Science, Atmospheric Sciences

*Thesis Title: When Will MISR Detect Rising High Clouds?*

### Colorado College, Colorado Springs, CO

May 2019

Bachelor of Arts, Physics

## Research Experience

---

### Postdoctoral Scholar U Wyoming Department of Atmospheric Science, Laramie WY

Jan 2024-Present

### Research Assistant, U Washington Department of Atmospheric Sciences, Seattle WA

- Advised by Dr. Roger Marchand

Aug 2019-Dec 2023

### Research Intern, National Center for Atmospheric Research, Boulder CO

Jun -Aug 2018

### Research Intern, National Center for Atmospheric Research, Boulder CO

Jun -Aug 2017

## Teaching Experience

---

### Guest Lecturer, University of Wyoming, Laramie WY

Oct 2024

- ATSC 2100: Global Warming: The Science of Humankind's Energy Consumption Impacting Climate

### Teaching Assistant, UW Department of Atmospheric Sciences, Seattle WA

Mar 2021-Jun 2021

- ATM S 100: Climate Justice & Energy Solutions

### Quantitative Reasoning Center Math and Physics tutor, Colorado College, Colorado Springs CO

Mar 2017-May 2019

## Publications

---

Submitted:

**Aerenson, T.**, McCoy, D., Elsaesser, G., Wu, J., Nugent, J., Brown, H., Zelinka, M., Burrows, S., Mikkelsen, A.: Does it matter that we simulate clouds at the wrong time of day? *Submitted to Science*

In review:

**Aerenson, T.**, McCoy, D., Elsaesser, G., Wu, J.: Drivers of Model Spread in Snowpack Changes Across the American Mountain West. *Journal of Climate*

**Aerenson, T.**, Marchand, R.: How Do Biases in the Simulation of Present-Day Clouds Affect Cloud Feedbacks? *Journal of Geophysical Research: Atmospheres*

Werapitiya, G., McCoy, D., Elsaesser, G., Wu, J., Gettelman, A., Eidhammer, T., **Aerenson, T.**, Song, C.: Climate Model Extratropical Cloud Feedback Constrained by Cloud Sources and Sinks in Cyclones. *Journal of Climate*

## **Grants and Proposals**

---

Funding Agency: Department of Energy Established Program to Stimulate Competitive Research (DOE-EPSCoR)

Role: Co-I

Status: *Pending*

Title: Creating the framework for the next generation Energy Exascale Earth System Model (E3SM) at PROCEED (Perturbed physics ensemble Regression Optimization Center for ESM Evaluation and Development)

Amount Requested: \$3,525,182

---

Funding Agency: NASA Research Opportunities in Space and Earth Science (ROSES) (2024)

Role: PI

Status: *Declined*

Title: Snow Energetics and SWE in the SnowEx Campaigns and Models (SESSCaM)

Amount Requested: \$730,813.30

---

## **Scientific Presentations**

---

Aerenson, T., R. Marchand, T. Ackerman 2024: "MISR Observed Trends in Cloud Top Height and Constraints on High Cloud Altitude Feedbacks" AGU Fall Meeting: Terra: 25 Years of the Earth Observing System Flagship Observatory, Washington, DC. *Poster*

Aerenson, T., D. McCoy, G. Elsaesser 2024: "Causes of Model Spread in Predictions of Hydroclimate in the Mountain West" AGU Fall Meeting: Hydroclimate and Extremes in the Western United States in a Changing Climate, Washington, DC. *Poster*

## **Service**

---

*Postdoc Representative, UWyo Department of Atmospheric Science, Laramie, WY.*

*Oct 2024 – Present*

*Peer-to-peer Mentoring Coordinator, UW Department of Atmospheric Sciences, Seattle WA.*

*Jul 2022 – Dec 2023*

*Diversity and Inclusion Group Coordinator, UW Department of Atmospheric Sciences, Seattle WA.*

*Jul 2021 – Mar 2023*

*Campus Sustainability Fund Intersectional Sustainability Board, University of Washington, Seattle WA.*

*Aug – Oct 2020*

**Refereed Manuscripts for the Following Journals:** *Journal of Geophysical Research: Atmospheres, JAMES, PLOS ONE, Atmospheric Chemistry and Physics (ACP), Earth and Space Science, Nature: Communications Earth and Environment, Earth and Space Science, Geophysical Research Letters (GRL)*

**Reviewed Proposals for the Following Programs:** *NASA Postdoctoral Program (NPP): Earth Science, NASA Postdoctoral Program (NPP): Technology Development*

## **Scholarships and Awards**

---

**Certificate of Distinguished Service 2022:** University of Washington Department of Atmospheric Sciences

**Top Scholar Award 2019:** University of Washington Department of Atmospheric Sciences
